

# BANNER POLES

DESIGNERS AND MANUFACTURERS OF  
URBAN STREETWARE AND LIGHTPOLES

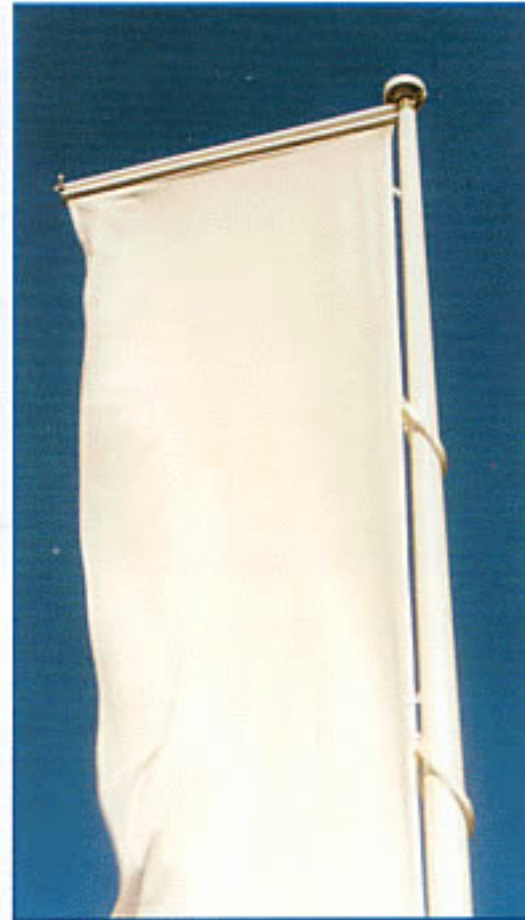

# GOLDSPAR

Widely used in prestige applications around Australia and overseas, Goldspar banner poles can be straight (parallel), stepped or elegantly tapered.

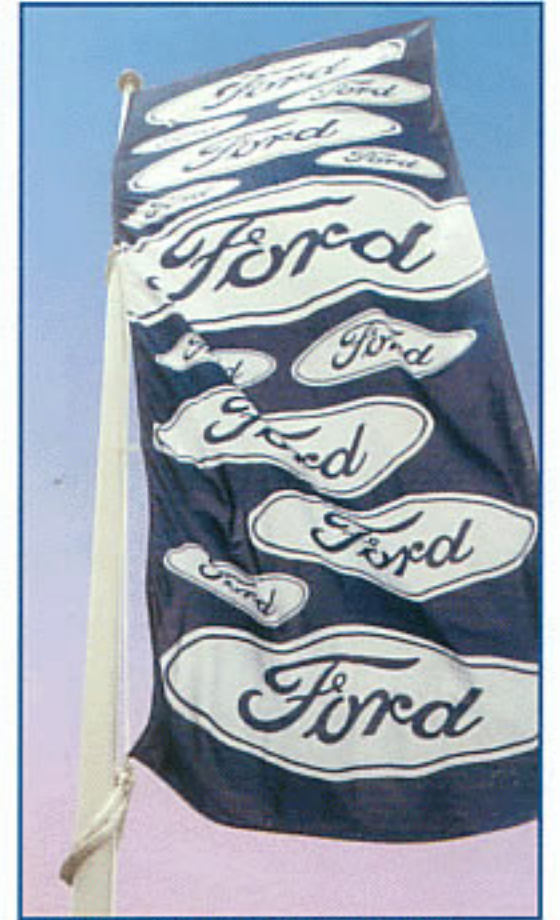

The poles can be fixed or removable, with optional attachments and configurations to suit any application.

Available in aluminium with durable powder-coated finish or clear anodised finish. Galvanised steel poles are also available

Goldspar's design and engineering team can design and manufacture your poles to Australian Standards with engineering certification.
