

PARISIENNE type 60

lighting pole

DESIGNERS AND MANUFACTURERS OF URBAN STREETWARE AND LIGHTPOLES

Redolent of European classical times, Parisienne is formed from a single tube by our computer controlled forming machine.

Poles can be set in the ground or supplied welded to a cast aluminium base plate (recommended).

For other outreach arm options, see the accessories page.

Structural note:

Goldspar tapered aluminium light poles are manufactured to comply with Australian Standards (AS1170.2 -1989) from high quality 6000 Series aluminium tube.

All poles have structural engineering certification for above ground structures.

Type 60 - specifications

Code	H	D1	D2
60/3	3000	76	135
60/3.5	3500	76	135
60/4	4000	76	135
60/4.5	4500	76	150
60/5	5000	76	150
60/6	6000	76	150
60/7	7000	76	150
60/8	8000	76	150

Average depth for footing is 1/10th pole height (consult your structural engineer).

Standard screwed hatches
