

GOAL POSTS

rugby & soccer goal posts

DESIGNERS AND MANUFACTURERS OF
URBAN STREETWARE AND LIGHTPOLES

GOLDSPAR

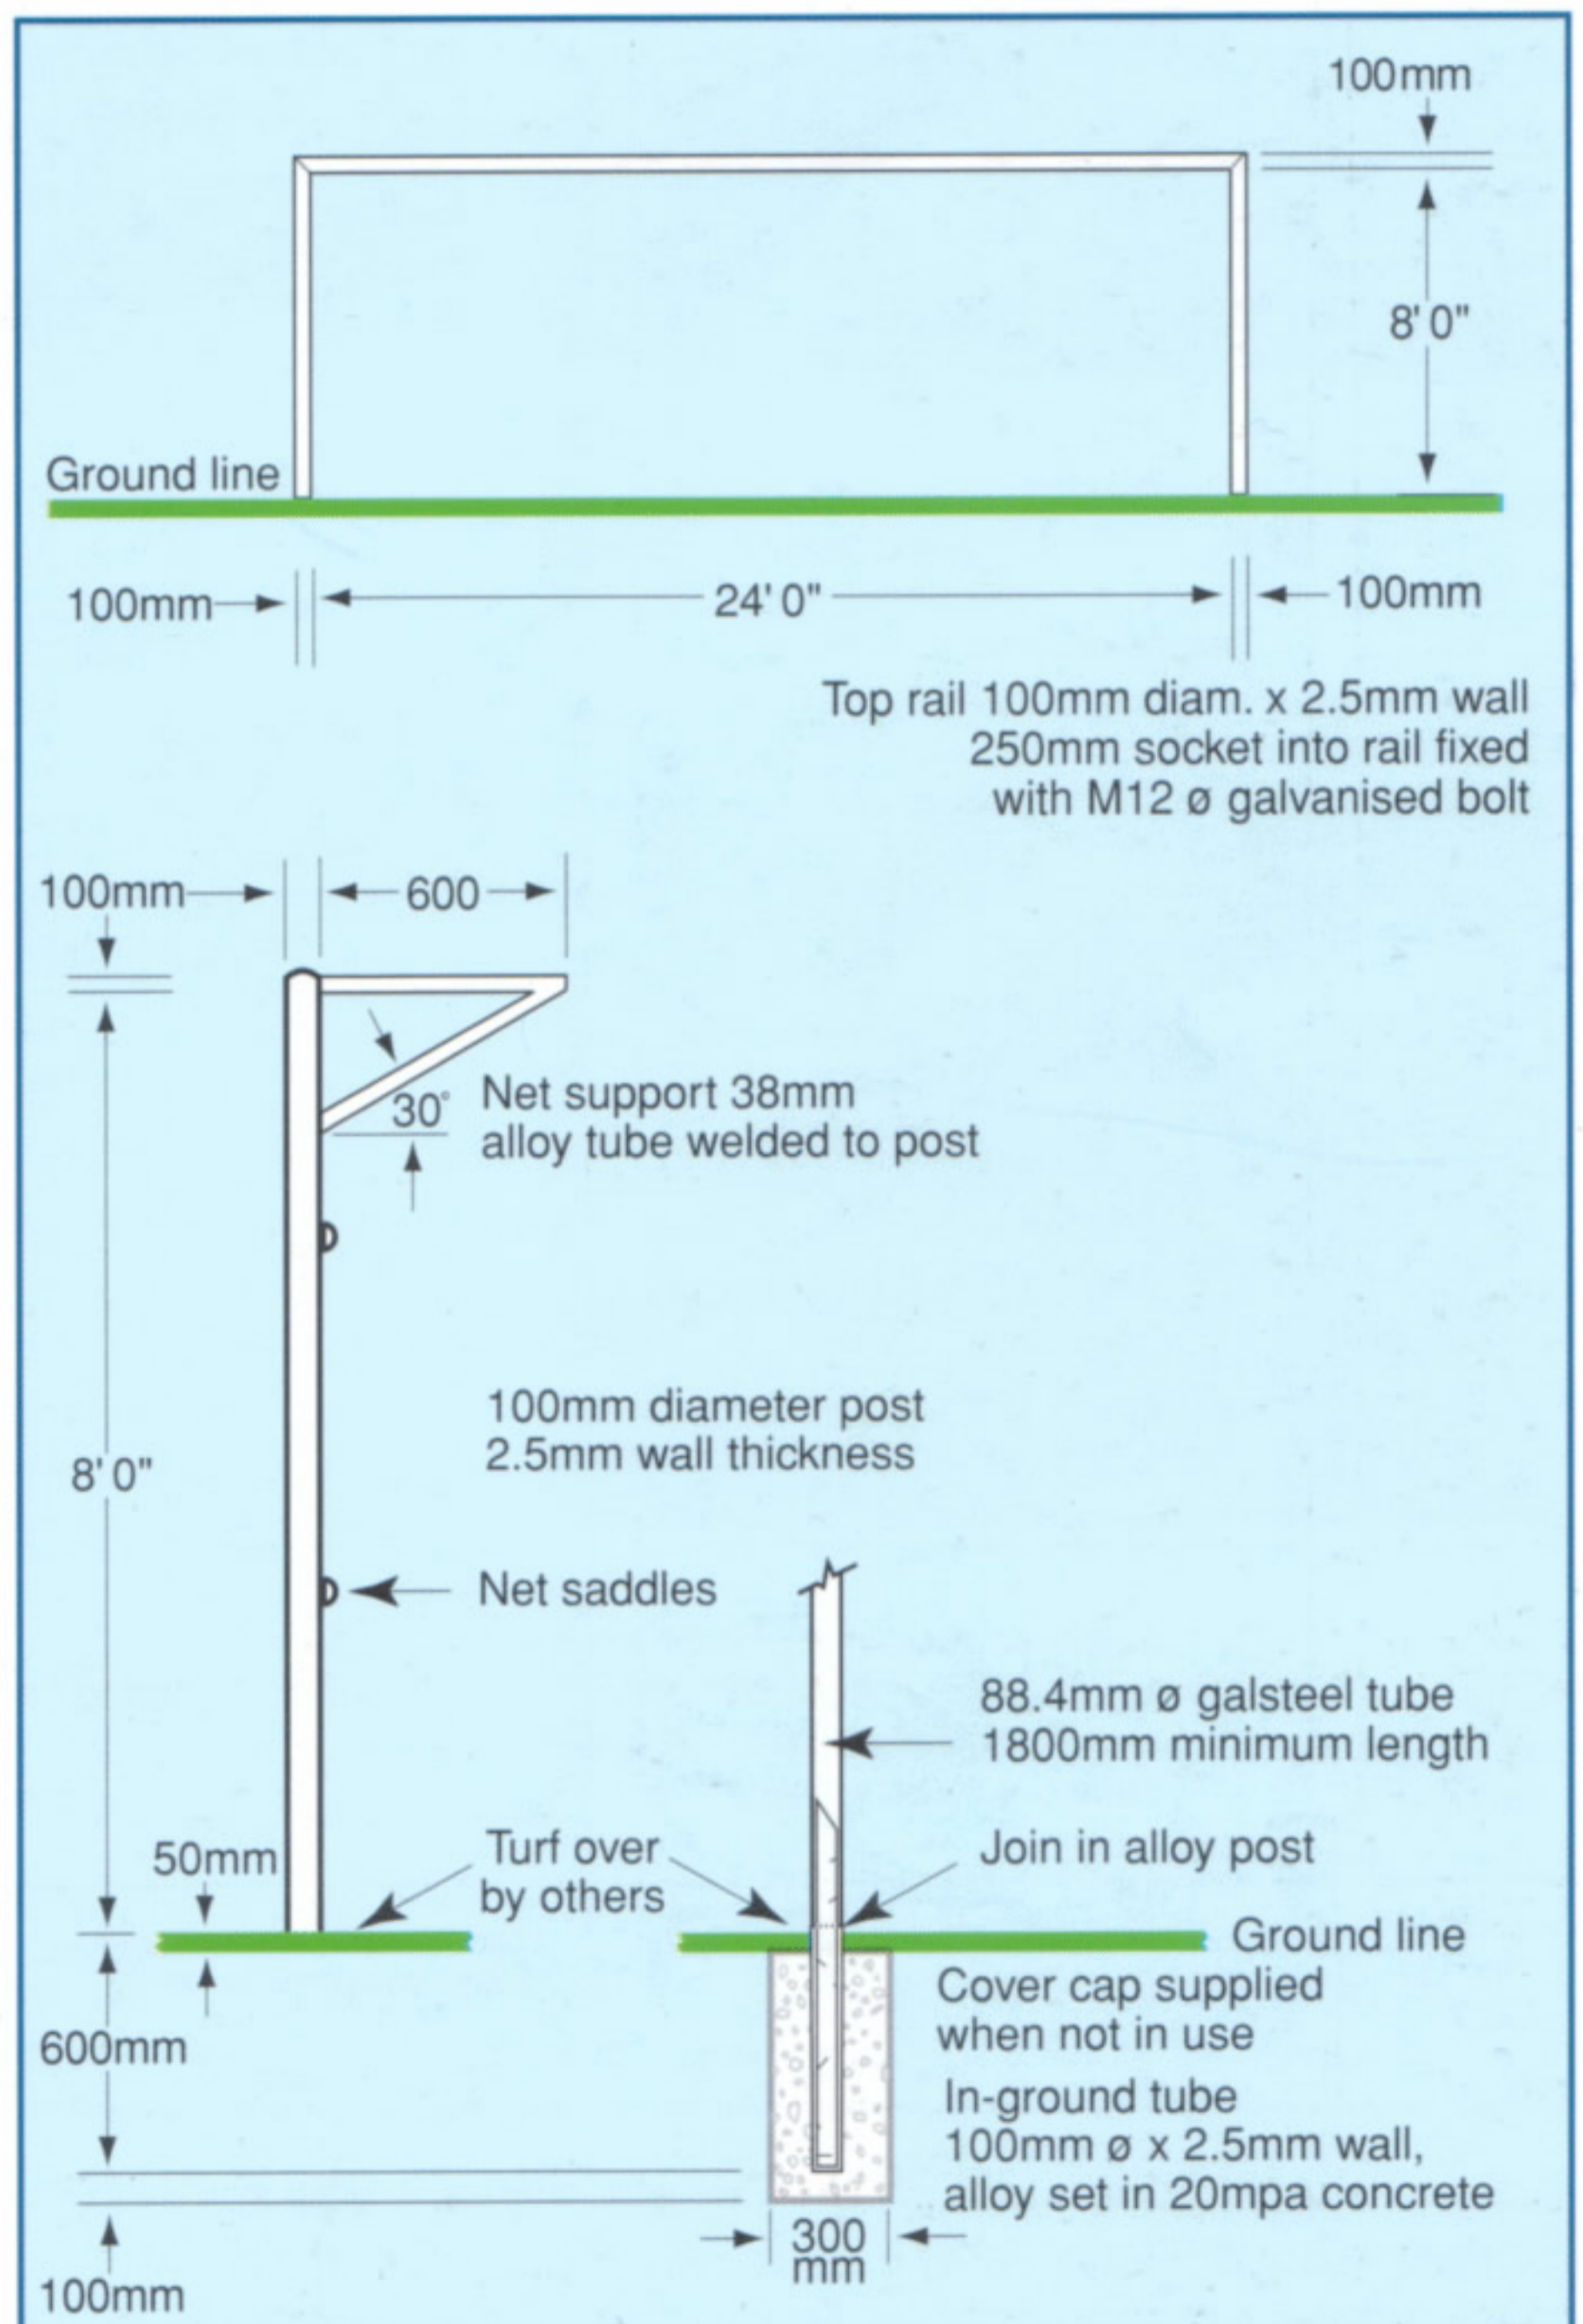

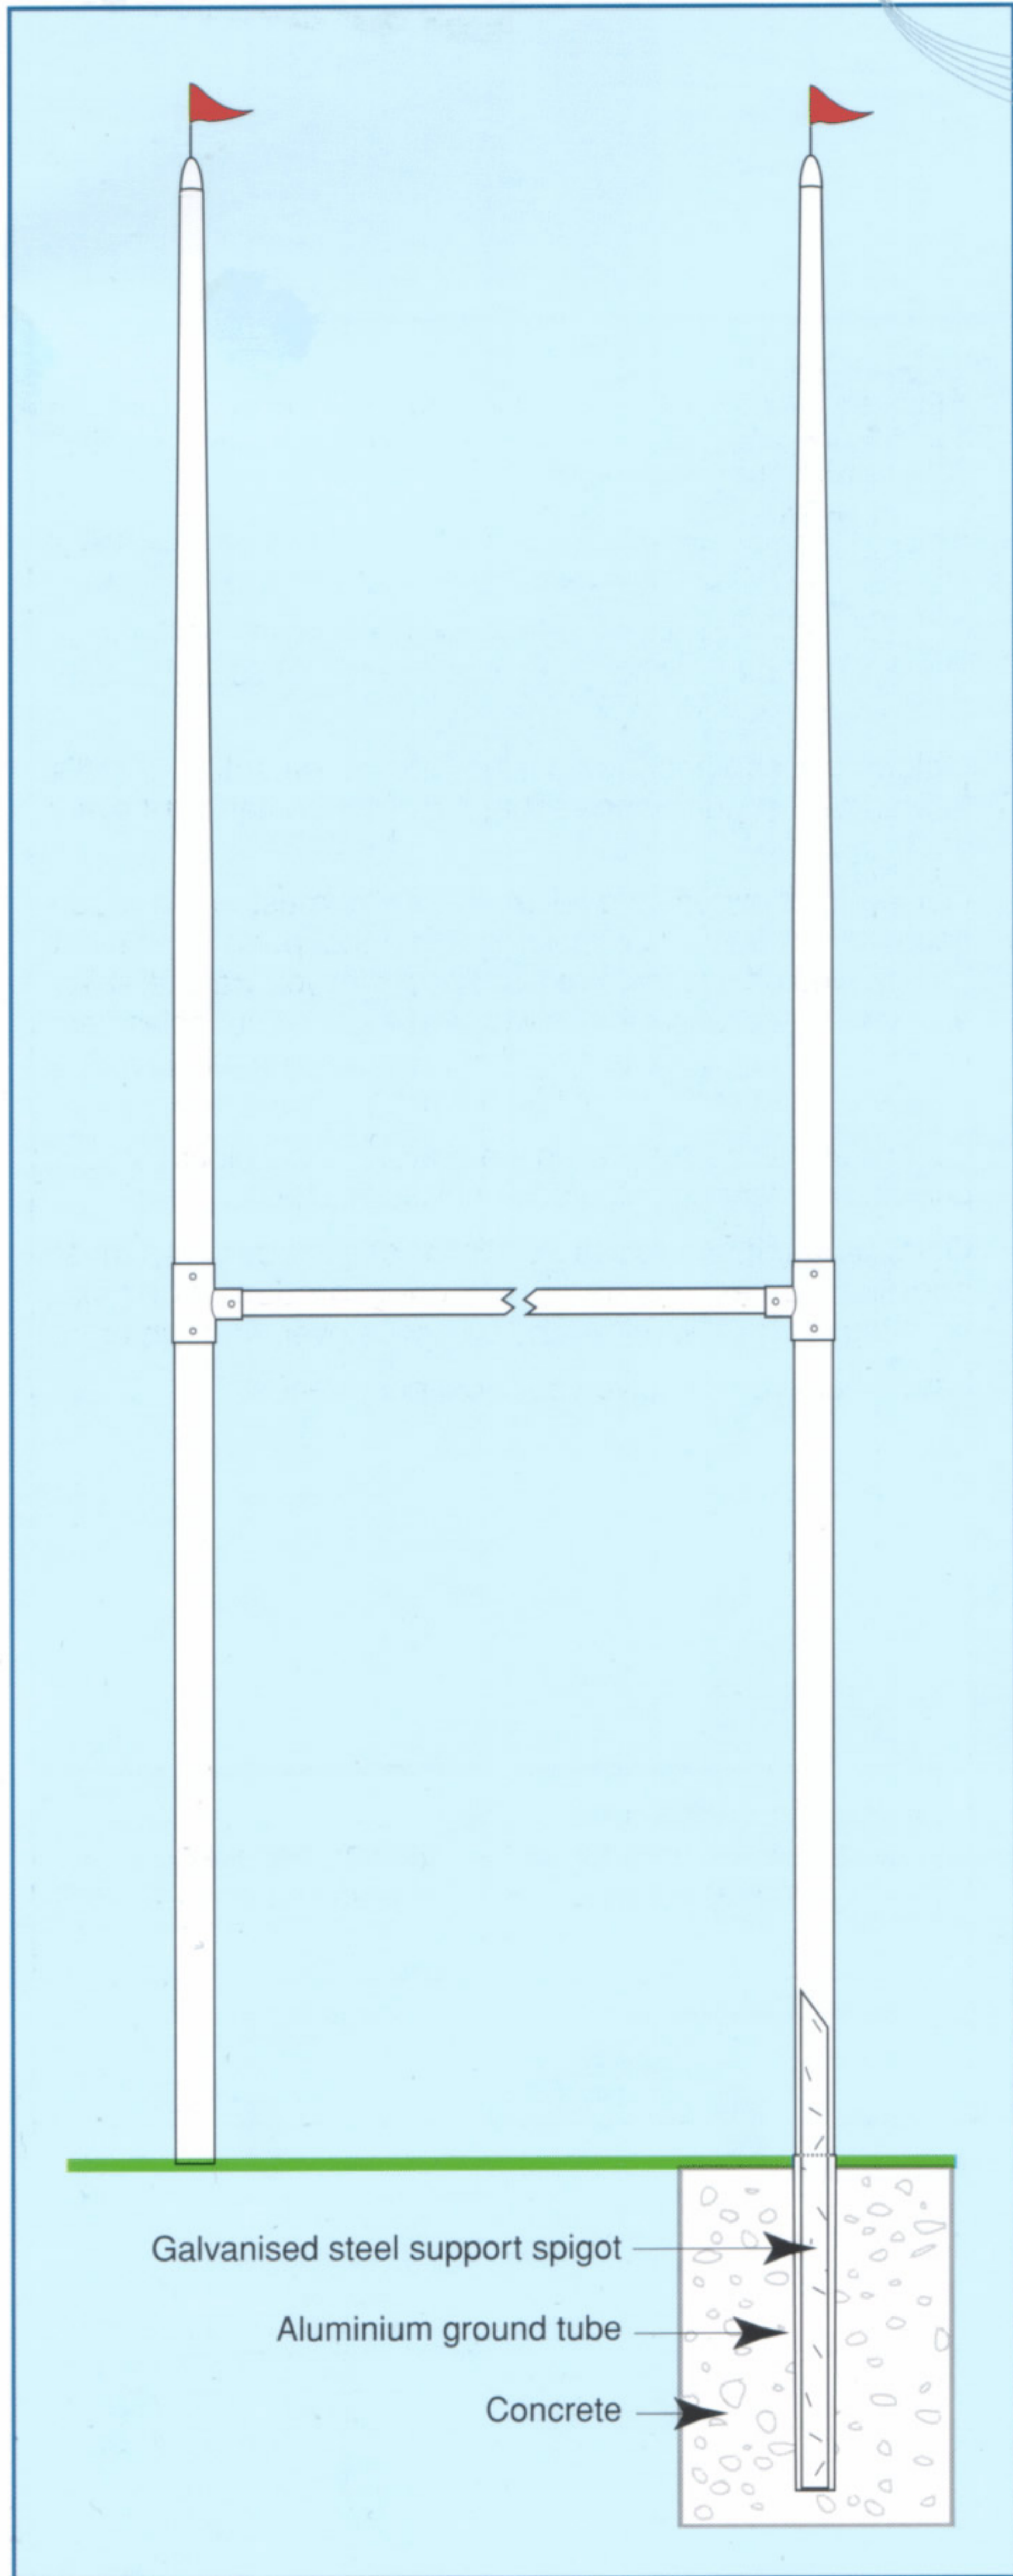

Goldspar has goal posts all around Australia, including QE2 Stadium in Brisbane, Randwick and Gordon Rugby Clubs in Sydney and many schools and councils.

These high quality posts are supplied with in-ground socket tubes, allowing easy removal of the posts in the off-season. Simply lift the light-weight pole out, fit the cap to the tube and cover with a divot of grass.

Structural note:

Goldspar tapered aluminium goal posts are manufactured to comply with Australian Standards (AS1170.2 -1989) from high quality 6000 Series aluminium tube.

All poles have structural engineering certification for above ground structures. Consult your structural engineer for soil conditions and footing types.

Note: all above ground aluminium parts white powder-coated to Australian Standards.

All aluminium 6060 T6 Temper. Support saddles at 3'0" centres.

Note: specifications subject to change without notice. For other sizes contact Goldspar.
